

WHAT CLINICIANS NEED TO KNOW ABOUT AUTONOMIC DISORDERS

September 17, 2021
Online CME Course

TARGET AUDIENCE:

Physicians, Physician Assistants, Nurses, Nurse Practitioners, Scientists, Researchers, Psychologists, Pharmacists & Physical Therapists. Patient and caregivers are also welcome.

LEARNING OUTCOMES:

At the conclusion of this activity the participants will be able to:

- Identify the common types of autonomic disorders including postural orthostatic tachycardia syndrome (POTS).
- Describe the role of autonomic testing in the diagnostic evaluation of autonomic disorders.
- Identify the diagnostic criteria for POTS and other common co-morbid conditions.
- Gain an understanding of the pharmacological and non-pharmacological management of POTS and related disorders.

REGISTRATION

Registration is open to all medical professionals, patients and the public.

Registration with CME credit: \$50

Registration without CME credit: \$20

Registration Link:

bit.ly/StanfordDysCME2021

This live broadcast online CME course is jointly provided by Stanford University School of Medicine and Dysautonomia International. This is an educational event focusing on postural orthostatic tachycardia syndrome, orthostatic hypotension, autoimmune dysautonomias, small fiber neuropathies, Long COVID, GI dysmotility, and related co-morbidities.

If you are unable to attend the live broadcast, the lectures will be recorded and made available to all registered guests after the live event. CME credit is only available by watching the live broadcast.

Accreditation:

In support of improving patient care, this activity has been planned and implemented by Stanford Medicine and Dysautonomia International. Stanford Medicine is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Credit Designation:

American Medical Association (AMA) Stanford Medicine designates this Live Activity for a maximum of **7.00 AMA PRA Category 1 Credits TM**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AGENDA

All times listed in Pacific Standard Time (PST).

9:00AM - 9:30AM

Introduction & Overview of Autonomic Disorders

Safwan Jaradeh, MD
Professor, Neurology & Neurological Sciences
Stanford University School of Medicine

9:30AM - 10:00AM

Autonomic Reflex Testing & Small Fiber Neuropathy Evaluation

Kamal Chémali, MD
Associate Professor of Neurology
Eastern Virginia Medical School

10:00AM - 10:30AM

Orthostatic Hypotension: Differential Diagnosis & Management

Dong-In Sinn, MD
Clinical Assistant Professor, Neurology & Neurological Sciences
Stanford University School of Medicine

10:30AM - 11:00AM

New Horizons in Postural Orthostatic Tachycardia Syndrome

Satish Raj, MD, MSCI
Professor of Cardiac Sciences
University of Calgary

11:00AM - 11:15AM

Case Report: Long COVID POTS

Nazneen Uddin, MD
Assistant Professor of Psychiatry
Wayne State University

11:15AM - 11:45AM

POTS & Autonomic Dysfunction in Longhaul COVID

Lauren Stiles, JD
Research Assistant Professor of Neurology
Stony Brook University School of Medicine
Nicholas Larsen, MD
Department of Neurology & Neurological Sciences
Stanford University School of Medicine

11:45AM - 12:15PM - Morning Q&A

12:15PM - 12:45PM

Autonomic Dysfunction in Chronic Fatigue Syndrome

Peter Rowe, MD
Professor of Pediatrics
Johns Hopkins University School of Medicine

12:45PM - 1:15PM

Physical Therapy in Autonomic Disorders

Tae Chung, MD
Assistant Professor of Physical Medicine & Rehabilitation
Johns Hopkins University School of Medicine

1:15PM - 1:45PM

Managing Gastrointestinal Dysmotility in Autonomic Disorders

Linda Nguyen, MD
Clinical Professor, Gastroenterology & Hepatology
Stanford University School of Medicine

1:45PM - 2:15PM

Headache & Migraine Management in POTS

Meredith Barad, MD
Clinical Associate Professor, Neurology & Neurological Sciences
Stanford University School of Medicine

2:15PM - 2:45PM

Autoimmunity & Immune Dysfunction in POTS

Taylor Doherty, MD
Associate Professor of Medicine,
University of California San Diego School of Medicine

2:45PM - 3:15AM

Autoimmune Autonomic Disorders

Srikanth Muppidi, MD
Clinical Associate Professor, Neurology & Neurological Sciences
Stanford University School of Medicine

3:15PM - 3:45PM

Sleep Disorders & Autonomic Dysfunction

Mitchell Miglis, MD
Clinical Assistant Professor, Neurology & Neurological Sciences
Stanford University School of Medicine

3:45PM - 4:00PM - Afternoon Q&A
